

# Wallflower

*Music and Lyrics by Griff Sanford*

(Capo 2)

## Verse 1

C G  
How many ways can I tell you goodbye?  
Am  
Let's just name a few  
F C  
The way that I waved when you went by  
G  
The way that I just knew

## Chorus

F G  
It would be over before it started  
C Am  
So I can't be brokenhearted  
F G  
You're the one I never knew  
C  
But I wanted to

## Verse 2

C G  
How many ways can I tell you hello?  
Am  
Let's just make a list  
F C  
The way that I smile when you look at me  
G  
The way we would have kissed

## Chorus

F G  
It would be over before it started  
C Am  
So I can't be brokenhearted  
F G  
You're the one I never knew  
C  
But I wanted to

## Bridge

Am G  
Let's face it; I'm invisible  
F G  
You'd never look my way  
Am G  
I'm just unremarkable  
F G  
But still I want to say  
F G  
The chance we could have had  
C Am  
We could have been so glad  
F G  
In dreams that I had I hoped to share with you

## Verse 3

C G  
How many ways can I tell you you're special?  
Am  
Let's just put them here  
F C  
The way you laugh when you're with your  
friends  
G  
The way you have no fear

## Chorus (x2)

F G  
It would be over before it started  
C Am  
So I can't be brokenhearted  
F G  
You're the one I never knew  
Am  
But I wanted to

F G  
It would be over before it started  
C Am  
So I can't be brokenhearted  
F G  
You're the one I never knew  
Am  
But I wanted to

## Outtro

F G  
You're the one I never knew  
Am  
But I wanted to  
F G  
You're the one I never knew  
C  
But I wanted to
