

What is Truth, Anyway?

Music and Lyrics by Griff Sanford

dedicated to Keith Lawrence and Sarah Kay

(Capo 2)

Verse 1

Em Am
She said "write down ten things you know are true"
C
And I stared into the darkness,
D
Seeking anything I knew
Em
But my memory's pretty hazy
Am
And my mind may just be lazy
C D
So I'm not sure what I can tell to you

Chorus

C D G Em
What is truth, anyway?
C D G Em
Is it just what I have learned from my mistakes?
Am
I don't know what you'd call true
C D
But I'll tell you what I knew

Verse 2

He said "think of the things that you knew before"
And I stared into the sunlight
Seeking what he's looking for
But my mind is full of trauma
And you know I'm full of drama
So I'm not sure I have it any more

Chorus

(musical break – play chords for verse, once)

Verse 3

Then they said "tell the truth, but only what you know,"
And I stared into the distance
Seeking things I couldn't show
My brain is kind of sluggish
And my ego's kind of thuggish
So I'm not sure just where this thing will go

Chorus

I don't know what you'd call true
But I'll tell you what I knew
