

After All (Justice and Order)

by Griff Sanford

Capo 2 6/8 moderate strum
Am7 D Em

V1

Em Am7
I have lived a life of defiance
C D Em
I have been a symbol of peace
Em Am7
But my wrath is with the Alliance
C D Em
Their political games will not cease

V2

I am tired of the talk and debating
I am tired of the meetings and lies
I am tired of delaying and waiting
We need action to win us the prize

CHORUS

C D Em Em7
After all— of this fighting and all of this pain
C D Em Em7
After all— of these deaths and this fiery rain
C D Em Em7
After all— of the ones who've been lost and been slain
Am7 D Em
We must fight for our freedom again (for justice and order again)

V3

My father used words as his weapons
He taught me to fight with my voice
But inside me I'm burning with anger
I would use it if I had the choice

V4

I have fled from my home world forever
Seen it blown from the sky and the stars

My family, my people, my nation
All sacrificed for their wars

CHORUS

BRIDGE

C Am Em
I come from a family of warriors
C D Em
I come from a family of rage
C Am Em
At injustice and terror and tyranny
C D Em
And nothing can ever assuage
C Am Em
The demon that's living within me
C D Em
The anger that drives me to fight
C Am Em
'Til justice and order return to us
C D Em
And to all who long for the right

V5

I am fighting for justice and order
No matter the way they arrive
The dead and the dying are needed
It is how I will keep us alive

V6

General Kenobi, I call you
To find us a way through the storm
You fought for my father, you fought for us all
They are coming again in their swarm

CHORUS

Am7 D Em
