Am C Dm F
Remember this...
Dm F
Remember this...

V1
Remember this, there will be times
C
When the struggle seems impossible
Dm
We all know this already
F
We all know

Remember **this**, the smallest act
Still **pushes** our lines forward
We're **doing** this for freedom
We will **go**

V2
Remember **this**, we must remember
Freedom needs no teaching
If you did not know this
Now you **do**

Remember **this**, we must remember
Tyranny takes effort
Go and tell the people
It is **true**

CHORUS
Dm G Am
And when it **breaks**, these **moments** of defiance
Dm E
Will flood the **banks** of their authority
Dm G Am
One **day**, there will **be** just one too **many**
F G Am
And on that **day**, **we** will all be **free**

V3
Remember **this**, they are desperate
Authority is brittle
It **leaks**, it breaks
It is a mask of **fear**

Remember **this**, they are unnatural
Control does not exist
They **know** this now
And we will all be **here**

CHORUS

V4
Remember **this**, the day will come
The smallest **act** of insurrection
Will **be** just one too many
We will **be**

Remember **this**, the day will come
When all these **skirmishes** and battles
Will **finally** break the siege
Then we are **free**

CHORUS x2
