Do you know who you are?

It doesn't seem you do

You thought you did

You're just a kid
G

Who didn't think it through

Did you know who you were?

Have you ever really known?

Fitting in

Inside your skin

When you've always been alone

D D

V2

Do you **know** what you're doing?

Or **even** what you've done?

You **followed** her

You **trusted** her

And **now** you hold the gun

Do **you** know what you did?

Do you **see** who you will be?

You **didn't** think

And **now** you sink

A **whole** community

D D

CHORUS 1

G A Bm
Mr. Karn, do you know who you are being?

G A D
Mr. Karn, do you know who you have been?

G A Bm
Mr. Karn, do you know where you are going?

G A
Mr. Karn, do you know you cannot win?

BRIDGE

Em
You thought you were the good guy

G
You thought that you were right

Em
You thought that you were doing well

A
You thought you won the fight
Em

Now you see that you are evil
G

Now you see the sun
Em

You sided with the Empire
A

You are done

V3

Did you **know** what you were doing?

Or **did** you even care?

You **wanted** this

A **simple** kiss

A **tailored** suit to wear

Did you **care** who you conquered

Did you even see

The **ones** who cried

The **ones** who died

Their **begging** and their plea?

D D

Mr. Karn, do you see that no one would?
